

Student Academic Services

Advising Outcomes

1. Students will report that they trust the information they receive from their advisor.
2. Students will report that they trust the information they receive from their advisor and value the support provided by their advisor.
2. Students will be able to identify their academic options.

Assessment methodologies:

- one-minute paper at the end of a group discussion with a writing prompt that focuses on these two areas;
- end of 1:1 session, request that a student jot down their options at this point (from the prior discussion with their advisor) or asked to verbally outline their choices as closure
