MATH 244-04	1759	MTRF 9:10-10:00 AM	Easton	MATH 254-03	6772	TR 6:10-7:30 PM	14-253	R. Abril
MATH 244-06	1752	MTRF 12:10-1:00 PM	Choboter	MATH 254-01	8202	MW 6:10-7:30 PM	186-C200	C. Carroll
MATH 244-07	1753	MTRF 12:10-1:00 PM	Todorov	MATH 254-04	8203	TR 6:10-7:30 PM	186-C200	N. Crawford

\*Class sections in parentheses = another lecture given by the same professor which qualifies for a workshop.

This schedule is subject to change. Last updated: May 18<sup>th</sup>, 2017

## How Do You Enroll in a Supplemental Workshop in Math?

- **During Initial Enrollment Period:** If you are enrolled in the corresponding lecture (see schedule), you can add a workshop via your Student Center during your initial registration rotation. Log on to the Portal, go to "Student Center", and click on the word "Enroll." Insert 4-digit workshop number.
  - Spring quarter Round 1 registration rotations (up to 16 units) begin **May 8<sup>th</sup>**
  - Spring quarter Round 2 registration rotations begin **August 21<sup>st</sup>**
- **During Open Enrollment:** You can also add a workshop during the Open Enrollment period from **August 26<sup>th</sup>** to **September 11<sup>th</sup>** if space is still available.
- **After Classes Begin:** there's one last chance to add a workshop after the quarter begins, if space is available, and if you are enrolled in the corresponding lecture (see schedule).
  - Attend the evening workshop and obtain a permission number from the facilitator.
  - Log on to your Student Center and use the permission number to Add.
  - Begin attending the workshop.
  - The last day to add using a permission number is Monday, **September 25<sup>th</sup>**. After that date, workshops are closed just like other classes. Auditing is not permitted.
  - A "Late Add Appeal" process is available for a \$20 fee and may be approved in special cases if class spaces are available. The Late Enrollment Appeal deadline is Monday, **October 2<sup>nd</sup>**.

## What is Supplemental Workshops in Math?

It's a campus program that offers workshops that meet twice weekly throughout the quarter for students enrolled in the lecture listed on the other side. During the workshop, you will review lecture notes, discuss important concepts, develop study strategies, and prepare for tests. You will work closely with other students and earn one unit of elective credit. Workshops start the **first week** of classes and continue until the last week of classes before finals. You are expected to attend workshop regularly, bring notes, textbooks, and questions, participate in discussions, and work together as a team.

## Who leads the workshop?

They are led by an upper division student who is proficient in the subject. The facilitator guides the discussion and keeps things on track. Your facilitator attends **every lecture** in order to stay current with the material.

Questions? Call SWM at 805-756-5788 or email: [swm@calpoly.edu](mailto:swm@calpoly.edu) or see the SWM website at <http://sas.calpoly.edu/swm/index.html>
